

WATER / SEWER RATE INCREASES

A water and sewer rate increase will be effective with the May utility billing cycle. Following the yearly review, utility rates were adjusted by 80 percent of the consumer price index from the previous year. No council action need be taken, as the annual review and increase, which occurs every May 1, was approved several years ago. The water and sewer rate hike will be 1.85%

In City Water Rates

	Old	New
First 2000 gal	\$12.88	\$13.12
Next 8000 gal	\$6.12 / 1000	\$6.23/1000
