# Press Release

## For Immediate Release

Greenville, IL - May 7, 2018

### ***City to Sponsor Electronics Recycling Days***

**Friday, May 11 from 8:00 a.m. to 5:00 p.m. and Saturday, May 12 from 8:00 a.m. to 3:00 p.m.**

In an effort to provide City of Greenville residents with a secure data and destruction drop-off location for electronics disposal, the City will be coordinating two electronics recycling days. Residents may bring their electronics to the public works facility located at 1307 S. Fourth Street on Friday, May 11 from 8:00 a.m. to 5:00 p.m. and Saturday, May 12 from 8:00 a.m. until 3:00 p.m.

- Items that can be recycled include: A/C adapters, analyzers/test equipment; audio/visual equipment; batteries; calculators; cameras; cell phones; computers/laptops; computer components; copy machines; CRT machines; ink/toner; keyboards; LCD monitors; LCD televisions; mainframes; medical devices; mice; printers/fax machines; security equipment; servers/server cabinets; stereo equipment; telephones; televisions; UPS/batter backups; wires/cables/cords; and much, much more...
- Unacceptable items include: CDs; VHS tapes; cassette tapes; paint; oil and other petroleum products; light bulbs (unless already part of the electronic device such as projectors); plastic not from electronics; chemicals not related to electronic equipment; refrigerators; air conditioning units; aluminum cans; tin cans; miscellaneous trash; glass bottles; wood products (unless already a part of the electronic device such as a television); Loose cardboard; bare tubes from monitors or televisions (tubes must be a part of the complete television or monitor unit). Televisions are limited to three per household.

All electronics will be disposed of in a very secure and environmentally responsible manner after the items are de-manufactured and sorted. All hard drives are sent through a physical data destruction process to ensure data security.

Residents should enter the gate at the public works facility and proceed to the secure drop-off site. A City employee will be at the drop-off site to assist in the collection of electronic items.
